

Grade 1/2 Newsletter

Oxford Words

The 1/2 Team will now be sending home a small list of Oxford common sight words for each student to practise reading. It's important that students can recognise these common words quickly to enable fluent reading and to expand their word recognition in books. If you would like extra words from the first 100 words, please let your classroom teacher know and we can print them off.

Mathletics and Raz Kids

We have noticed the impact of Mathletics and Raz kids on our student's progress with reading and maths. We recommend that students have access to these tools at home as well. If you need new logins for Raz Kids or Mathletics please come and see your child's teacher to get new ones.

Dear Parents/Caregivers,

The students have been working hard practising their persuasive skills in writing, addition skills in maths and retelling skills in reading.

Students have also begun to think about this terms topic on 'Change'. Later in the term there will be an expo for our students to share their reports on different types of change that goes on in our world. There will be a note going out later in the term to remind parents about this exciting expo.

Important Dates – Term 2, 2018

Monday 21st May – Assembly

Monday 21st May – Prep Information Night

Tuesday 22nd May – Open Morning for Grade 1/2

Tuesday 22nd May – School House visit

Wednesday 27th June – 1/2 Change Expo

HOME READING & READERS

It's important to read with your child every night to practise fluency and knowledge of high frequency words (i.e. and, we, my, friends). Please remember to record when your child has read, in the reading log and bring to school every day.
