

GRADE 5/6 NEWSLETTER

Rye Primary School

6th December 2017
Term 4 Week 9

Learning, Life and Adventure

Kai Robertson

On Saturday 28th October Kai Robertson won the Gold Medal, coming 1st in the Victorian State Boulder Titles. That is a competition where all the best rock climbers in Victoria compete in age categories, the winners being those who get to the top of the most difficult climbs in the fewest attempts. Well done Kai!

Coding

The grade 5 coding program concluded last week.

In the last 3 sessions the grade 5's have been teaching the grade 1/2's how to operate the Sphero's, a sphere that is control by a coding program on the iPads. Thank you so much to the 2 parent helpers that have kindly donated their time and expertise to teach the grade 5's about coding.

22nd December

Last day of term 4, school finishes 1:30pm

Grade 5 Discovery Day

On 21st November our Grade 5's had a fantastic day at Rosebud Secondary College's Discovery Day. Students got to participate some activities they will experience once they get secondary school. They learnt a new dance, played some amazing ball game and completed History and Japanese activities.

Somers Camp

Thank you to all the students who applied to participate in the optional 9-day camp at Somers in February next year. The students who were selected were picked from a hat to make the process fair. Notes have been sent home with the successful students this afternoon.

Grade 6 Camp

From all accounts the Grade 6's had an amazing time on camp. The food, activities and their camp leader Nick seem to be the favourite things from camp. There was a ropes course, high flying swing, surfing, night walk along the beach and many more activities. Some of the other activities included surfing lesson, rock pool exploration and Aeroball! The pancakes and baked potatoes were the most talked about favourite food and they loved having 'seconds.'
