

Rye Primary School

27th October 2017
Term 4 Week 3

Learning, Life and Adventure

Production

Wow! What a fortnight. It's been a busy time getting ready for the production and then the performance. We are so proud of all of the students for all their hard work during the performance, and a special mention to those students who had a lead role and spent hours learning their lines ready for the night. From all accounts everyone had an amazing time. A huge thank you to all the parents that helped create props and costumes.

Coding

Starting this Wednesday 25th and for the next 3 weeks, the grade 5's are participating in a coding program. This program is run by two Rye Primary parents who have kindly volunteered their time and expertise in this area.

The first session was a great success and students loved learning about Sphero. A Sphero is an electronic device that is controlled by a coding program on the iPads. The programs are both plugged and unplugged. We look forward to seeing what they'll learn over the next 3 weeks.
